ANYBODY WHO WOULD LIKE TO own a pretty little village can get one cheap for cash. This place during five and forty years has had the benefit of preliminary work, on which more than half a million dollars have been expended in wages alone. The early difficulties of this enterprise seem to have been due to certain daring industrial innovations and a lot of "oppressive foreign doings." There was bitter hostlity to independent road-building. Machinery was obtained and highways attempted in four directions, but all were barred. Plans of drainage met the same fate. Private lakes and fish ponds were taken for public use, and a handsome deer park was dismantied. But the remedy is easy. The purchaser should curl up and go to sleep. His mere neglect will disarm suspicion and hostility. Then the natives themselves will get to work, and their efforts and the trend of the times will do the developing. The place is still very much of a wilderness, yet it already enjoys nearly every public convenience appertaining to an opulent city. No traffic with bank references, to the owner, JOHN CUSSONS, Glen Allen, Va.

RAILROAD TO ANSWER

Complaint Against Norfock and Western to the Heard To-Day.

The Norfock and Western Railway Company, with the Lynchburg baggage transfer concern which it is alleged to have presented with a monopoly in trade, will answer this morning at 11 o'clock before the State Corporation Commission to the complaint of the Virginia Travelers' Association and rival baggage companies. The reply will be presented, and the formal hearing may be gone into.

It is charged in the complaint that the Norfock and Western has given exclusive rights to one transfer company, and has refused even to recognize the checks issued by its competitors. Against this the Travelers protest, through Howell C. Featherston, their counsel, who argues that the public has a right to give its business to any one.

It is presumed that the railroad's defense will be its desire, to protect the traveling public by giving the business to a concern which is bonded.
